Overall Length:

126.000 inches

End Application:

Magnetic compass calibrator set type mc-1, 1m, e-3a

Test Item Connection Method:

Connector

Product Name:

Power cable adapter

Special Features:

Cable, power, adapter-10ft lg; terminated w connector type mil-c-m83723/17r1507n one end and hubbel type 4726/nema15-15p other end

Functional Description:

Used to connect power from air vehicle to magnetic compass calibrator set

Reference Data And Literature:

To 35-1-251-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
