End Application:

F-15 acft

Nominallength:

18.000 inches

Nominalwidth:

16.000 inches

Special Features:

C/o mounting plate, spine adapter, flex coupling, sprockets and pillow assembly, pulley & cable; company name-test fixture, damping rate

Functional Description:

Used to check the damping rate of the cz9609014 eddy current damper

Reference Data And Literature:

Serd no. 1983; to 8a28-2-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
