## NSN 4920-01-024-5107

Aircraft Engine Maintenance Fixture - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4920-01-024-5107

End Application:
F100-pw-100/200 aircraft engine
Nominalheight:
0.750 inches
Nominaldiameter:
25.102 inches
Special Features:
Company item name-ring stage compressor stator
Functional Description:
Used during 4th stage compressor component repair/maintenance
Reference Data And Literature:
Serd no. 2912
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A505c0
