End Application:

Navigation unit 7883450-051

Product Name:

Protective cover

Functional Description:

Covers nu during testing. Cover is hinged to provide access to card section while gimbal compartment is covered and vice versa

Reference Data And Literature:

To 5n1-4-8-2

General Description:

U/o c-iv-e inertial navigation system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
