Overall Length:

10.000 inches

Overall Height:

2.000 inches

Overall Width:

8.000 inches

End Application:

E-3a aircraft

Product Name:

Fire detection control unit breakout box assembly

Special Features:

Includes 1 cable assembly p/n f70213-2, 1 cable assembly p/n f70213-3

Functional Description:

Used for checkout and adjustment after maintenance of the wheel well fire detection system. Provides access to the internal circuitry of the wheel well fire detection control unit m030

Reference Data And Literature:

To 35-1-251-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537k0
