End Application:

Tf39-1/1a hpt rotor stator assembly c-5 aircraft

Nominalheight:

1.250 inches

Nominaldiameter:

32.000 inches

Special Features:

Manufacturers drawing name, , machining fixture, high pressure turbine rotor disk; material stl sae1010-1020 plate

Functional Description:

Used during machining processes

Reference Data And Literature:

Engine tech data; c-5 aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
