Overall Height:

0.500 inches

End Application:

F/tf-15a acft

Product Name:

Tool set, keeper, tachometer stator

Special Features:

2.000 in. Dia

Functional Description:

Used to maintain a magnetic field during disassembly of the tachometer from the az or e1 readout assembly

Reference Data And Literature:

Serd no. 3265

General Description:

Soft iron

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
