**End Application:**

F-16 nose gear steering hydraulic valve assembly 57640

**Product Name:**

Test adapter cable

**Special Features:**

6 ft. L, 2 wire cable, valve end connector p/n ms3106e10sl-4s, power supply end connector-color coded banana plugs; company item name-adapter test, cable

**Functional Description:**

Used to connect from valve to dc power supply during functional testing

**Reference Data And Literature:**

To 4sa3-41-3 & 1f-16a-4-4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A537k0
