Overall Length:

8.000 inches

Overall Height:

9.000 inches

Overall Width:

1.500 inches

End Application:

F/tf-15a aircraft age.

Test Item Connection Method:

Cable

Special Features:

Cable 5 lbs, module is 2 lbs

Functional Description:

Used to provide closure interface between the cpd internal electronics and instruments

Reference Data And Literature:

Serd no. 3376

Supplementary Features:

Company name-adapter set no. 2 depot

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537k0
