End Application:

F/15a aircraft age.

Nominal length:

15.000 inches

Nominal width:

10.000 inches

Nominal height:

10.000 inches

Special Features:

Steel and plastic; company name-holder, search unit alignment

Functional Description:

Used to hold ultrasonic search unit in proper alignment while performing ndi testing

Unpackaged Unit Weight:

17.000 pounds

Reference Data And Literature:

To 1f15-4-6 serd 3310

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505c0
