End Application:

A-10a aircraft linear electromechanical pitch and trim roll tab shift actuator assembly 1606t100-14

Special Features:

To name: actuator loading test fixture

Functional Description:

Used during electrical and mechanical testing

Reference Data And Literature:

To 8d1-64-17-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
