Overall Length:

10.000 inches

Overall Height:

10.000 inches

Overall Width:

6.000 inches

End Application:

F-16 aircraft 370 gal external fuel tank

Test Item Connection Method:

Connector

Functional Classification:

Aa-12.11

Special Features:

To name: pressure adapter assembly

Material:

Aluminum body and steel body

Reference Data And Literature:

To 6j14-2-39-2

Fsc Application Data:

External fuel tank 370.000 gal.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
