Overall Length:

15.000 inches

Overall Height:

5.000 inches

Overall Width:

12.000 inches

End Application:

F/15a aircraft

Product Name:

Bdx 6200 simulator

Special Features:

115 v, 60 hz

Functional Description:

Provides the capability to troubleshoot the bdx 6200 interface modules in the data coupler test drawer

Reference Data And Literature:

Serd no. 3395

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
