End Application:

Tf-39 jet engine

Special Features:

C/o flow meter; gages (3); control valves; blade fixture; regulators; dryer; filters; fittings; pressure probe; interconnecting lines to form a functional test manifold; approx. Wt. 70.0 lbs; 60.000 in. Lg; 40.000 in. Ht

Functional Description:

Used to flow check tf-39 engine stage 1 high pressure turbine blades

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
