End Application:

F-16, f-5, f/a-18, c130 acft

Usage Design:

Aircraft hydraulic system

Installation Design:

Portable

Power Source:

Diesel engine

Functional Description:

Used to provide ground power the check performance and operating characteristics of aircraft hydraulic systems

Reference Data And Literature:

Serd no. 45003

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T361-e
