Overall Length:

1.000 inches

Overall Height:

12.000 inches

Overall Width:

3.000 inches

End Application:

TF34-GE-100-TURB

Functional Description:

Required to calibrate the tachometer servo piston travel calibration at final assembly

Reference Data And Literature:

To 6j3-4-106-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
