End Application:

F-16 aircraft age.

Product Name:

Development station, inu nav/cal adapter

Special Features:

C/o mds-800 micro-computer development system; disc drive; prom programmer, paper tape reader; paper tape punch; circuit emulator, terminal, line printer, software package

Reference Data And Literature:

Serd number 74536

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
