**Overall Length:**

16.000 inches

**Overall Width:**

12.500 inches

**General Description:**

Major components, connector 1, diode 3, terminal 2, resistor 4, power supply 2, zener diode 1

**Fsc Application Data:**

Tactical electronic warfare system, intermediate test equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
