**End Application:**

F-16b aircraft two place canopy linear actuator 363j100-1

**Special Features:**

Test fixture, canopy actuator; 120.0 in hi; 27.0 in w; 30.0 in dp; with removable carriage

**Functional Description:**

Used to test actuator after assembly

**Reference Data And Literature:**

To 8c1-4-5-3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
