Overall Length:

18.000 inches

Overall Height:

0.250 inches

Overall Width:

2.000 inches

End Application:

F-15 & f-16 aircraft engines

Product Name:

Scraper

Special Features:

Local manufacture

Reference Data And Literature:

Serd 3442

General Description:

Scraper matl is of plexiglass construction; scraper is beveled

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
