End Application:

F-16 aircraft age

Nominal length:

3.000 inches

Nominal width:

4.000 inches

Nominal height:

6.000 inches

Special Features:

Matl: steel, brass

Functional Description:

Used to test solenoid valve p/n 5004189

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
