Overall Length:

1.960 inches

Overall Height:

0.640 inches

Overall Width:

1.416 inches

End Application:

F-16 acft. Age.; ais test station, 2120450-312

Criticality Code Justification:

Feat

Special Features:

Tolerance required

General Description:

dimensions- 1.960 in. Lg., 1.416 in. W.; 0.640 in. Ht.; weight-5 oz.; finish- connectors, stainless steel, passivated; operating temp. -65 to 85 deg. C.; operating altitude 0 to 6000 ft.; wideband

Fsc Application Data:

Test set, age.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
