End Application:

F-15c/d aircraft age.L/h aux tank

Nominal length:

25.000 inches

Nominal width:

25.000 inches

Nominal height:

40.000 inches

Special Features:

Matl: steel and aluminum

Functional Description:

Used to precisely locate replacement fittings in fuselage fuel cells

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
