End Application:

F-16 aircraft horizontal tail/flaperon servoactuator assembly

Special Features:

U/o linear variable differential transformer assembly; u/w digital multimeter and function generator; to name: lvdt checking fixture

Functional Description:

Used to supply linear position during check of linear transformer assembly

Reference Data And Literature:

To 9h2-4-238-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
