Overall Length:

1.250 inches

Overall Height:

1.250 inches

Overall Width:

1.250 inches

End Application:

E-3a aircraft

Product Name:

Jackscrew holding block

Functional Description:

Used to support screw assembly while clamped in bench vise

Reference Data And Literature:

T.O.8a1-84-3-3

General Description:

Thread 0.313 - 14 acme screw; awjnjas0.500

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
