End Application:

F-15 aircraft obiggs heat exchanger bypass valve 3290216-1-1

Unpackaged Unit Length:

6.000 inches

Special Features:

1.900 in. Dia; company name-adapter valve test

Functional Description:

Used to adapt the downstream body flange bypass valve to the locator section of the valve test holder

Reference Data And Literature:

Serd no. 8522; to 9p5-2-83-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
