Overall Length:

17.000 inches

Overall Width:

11.700 inches

End Application:

4920-01-075-7512, test bench, flight control system

Product Name:

Interconnect junction assembly

General Description:

C/o 2 panels, 7 diode, 1 resistor, 3 relay, 1 transistor, 2 transformer, 4 terminal blocks

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
