End Application:

F100 aircraft engine age.

Nominalheight:

4.560 inches

Nominaldiameter:

7.500 inches

Special Features:

Matl: steel ams 5062, ams 6382

Functional Description:

Used on no. 5 bearing support

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
