End Application:

F100-pw-100/200 aircraft eng

Nominallength:

5.906 inches

Nominaldiameter:

12.750 inches

Special Features:

Steel; c/o drill bushing and oval center slot; company item name-adapter

Functional Description:

Used in conjunction with pwa55394 base for drilling/reaming 2 holes using 0.359 in. Dia. Drill and pwa 55420 reamer

Reference Data And Literature:

Serd no. 4108

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
