**Overall Length:**

19.000 inches

**Overall Height:**

5.128 inches

**Overall Width:**

15.000 inches

**End Application:**

An/asg-21

**Reference Data And Literature:**

T.O. 33d5-30-20-11

**General Description:**

Simulated video target pulse; upon reaching zero range velocity direction automatically reverses; upon reaching zero velocity both velocity and acceleration direction automatically reverse

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
