## NSN 4920-01-126-3062

Radar Range Simulator - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4920-01-126-3062

Overall Length:
19.000 inches
Overall Height:
5.128 inches
Overall Width:
15.000 inches
End Application:
An/asg-21
Reference Data And Literature:
T.O. 33d5-30-20-11
General Description:
Simulated video target pulse; upon reaching zero range velocity direction automatically reverses; upon reaching zero velocity both velocity
and acceleration direction automatically reverse
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
