Overall Length:

7.250 inches

Overall Height:

4.250 inches

Overall Width:

5.000 inches

End Application:

F-16 aircraft age. Support, 4920010696559

General Description:

Capacitor 18, diode 17, resistor 44, transistor 8

Fsc Application Data:

Test system, automatic radome, electrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
