**Overall Length:**

70.000 inches

**Overall Height:**

40.000 inches

**Overall Width:**

60.000 inches

**End Application:**

Ef-111a aircraft

**Product Name:**

Liquid coolant component test stand

**General Description:**

28.0 vdc; 120.0/208.0 vac; three phase; 60.0 hz; hydraulic and nitrogen pressurization systems; besides aircraft components, the test stand is capable of being used to test liquid coolanol support equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
