Overall Length:

70.000 inches

Overall Height:

40.000 inches

Overall Width:

60.000 inches

End Application:

Ef-111a aircraft

Product Name:

Liquid coolant component test stand

General Description:

28.0 vdc; 120.0/208.0 vac; three phase; 60.0 hz; hydraulic and nitrogen pressurization systems; besides aircraft components, the test stand is capable of being used to test liquid coolanol support equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
