Overall Length:

8.000 inches

Overall Height:

3.500 inches

Overall Width:

6.000 inches

End Application:

Front compressor front hub blade slot, tf-33 engine

Product Name:

Eddy current probe assembly

Reference Data And Literature:

T.O. 2j-tf33-53-6

General Description:

Epoxy construction

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
