End Application:

4920-00-519-8330

Nominallength:

0.320 inches

Nominaldiameter:

1.880 inches

Special Features:

Corrosion resistive per ams 5610; 63-33 rc hardness; 0.228 in. Diameter through hole and 0.140 diameter through hole; 0.063 microinched finished

Functional Description:

Adapter, receiver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
