| End Application:                                                                                                                 |
|----------------------------------------------------------------------------------------------------------------------------------|
| F100-pw-100/200 engine                                                                                                           |
| Nominalwidth:                                                                                                                    |
| 3.000 inches                                                                                                                     |
| Nominaldiameter:                                                                                                                 |
| 1.000 inches                                                                                                                     |
| Special Features:                                                                                                                |
| Item is gage, ball count; steel; consists of machined tube assembly w/3 steps keyed & has a scribe line indicating a lower limit |
| Functional Description:                                                                                                          |
| Used during aircraft engine component repair/maintenance                                                                         |
| Reference Data And Literature:                                                                                                   |
| Serd no. 4455                                                                                                                    |
| Shelf Life:                                                                                                                      |
| N/a                                                                                                                              |
| Unit Of Measure:                                                                                                                 |
|                                                                                                                                  |
| Demilitarization:                                                                                                                |
