**End Application:**

B-1b aircraft age.

**Product Name:**

Pneumatic test set

**Special Features:**

C/o pressure gauges; pressure regulator; flowmeters; temperature gauge; vent valve; relief valve assemblies; adapters and hoses to connect test unit to following systems; entry door seal pressurization; coolant reservoir pressurization; waveguide tube pressurization; engine bleed air subsystem; engine ancillary equipment; nacelle seal testing; air conditioning and pressure

**Reference Data And Literature:**

T.O. 33d2-12-30-1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T228-a
