Overall Length:

23.000 inches

Overall Height:

24.500 inches

Overall Width:

20.000 inches

End Application:

B-1b aircraft

Product Name:

Intercommunication test set

Special Features:

115 ac volts; 28 dc volts; 400 hertz

Functional Description:

Provides input stimuli & output loads & measurement which satisfies the test requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
