End Application:

B-1b aircraft

Product Name:

Fixture installation-handling, horizontal stabilizer actuator

Special Features:

C/o support base and trunnions each end; fork lift tubes w/be provided beneath support base for hoisting

Functional Description:

Supports/positions the horizontal stabilizer actuator for assembly and repair

Reference Data And Literature:

To 35-1-271-2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505c0
