**End Application:**

F100pw100/200 engine compressor variable vanes linear actuating cylinder

**Special Features:**

8.000 in. L, 1.000 in. H, 1.000 in. W; c/o hollow mill cutter actuated by stainless steel plunger; used w/fixture, swaging, spherical bearing; to name: cutter

**Functional Description:**

Used during bearing replacement

**Reference Data And Literature:**

To 6j27-3-3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
