Overall Length:

19.000 inches

End Application:

F101-ge-102 engine

Product Name:

Dumm fan stator

Special Features:

Comprised of two identical pieces consisting of a tubular member 19.000 in. Lg, 2.000 od, 1.834 id, with a perpendicular flange welded at the forward and aft ends of tube, a gusset, a stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
