**Major Components:**

Interface test adapter, test program, test program instruction

**End Application:**

B-1b aircraft hydraulic fluid quantity signal conditioning and distribution unit 367-007-003 & -004

**Reference Data And Literature:**

To 5f22-27-8-1

**Fsc Application Data:**

Hydraulic reservoir fluid quantity indicator and signal

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T01200
