Major Components:

Interface test adapter, test program, test program instruction

End Application:

B-1b aircraft hydraulic fluid quantity signal conditioning and distribution unit 367-007-003 & -004

Reference Data And Literature:

To 5f22-27-8-1

Fsc Application Data:

Hydraulic reservoir fluid quantity indicator and signal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
