Overall Length:

22.000 inches

Overall Height:

25.000 inches

Overall Width:

21.000 inches

End Application:

F100-pw-100/200 engine

Special Features:

Elec data 115 v; 60 h, 1 phase, 0.5 kva

Functional Description:

Incorporates the necessary instrumentation to measure and evaluate the parameters and automatically indicate the outcome to the operator by way of go/no-go lights on the front panel of the instrument

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
