End Application:

F-15a/b/c/d aircraft age.

Nominalheight:

4.000 inches

Nominaldiameter:

2.000 inches

Special Features:

Steel; company name-holding fixture, plating

Functional Description:

Used to adapt the plating drive to the output coupling and provides a means of turning/holding/supporting the coupling during rating

Reference Data And Literature:

Serd no. 3894

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
