End Application:

B-1b aircraft age.

Special Features:

C/o rigid frame construction w/mtg provision for both blower inlet door actuator and apu exhaust door actuator; proof pressure, psig 6000;

internal leakage 5 cc/minute at 4000 psi

Functional Description:

Used during aircraft maintenance

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
