**End Application:**

B-1b aircraft age.

**Special Features:**

C/o cap w/o/d 1.770 in. Tethered to fitting w/1.866 in. B.C; adapts pneumatic interfaces to pneumatic test stand and electrical connector to electrical test stand

**Supplementary Features:**

Company item name-test adapter, inflow regulator valve

**Fsc Application Data:**

Environmental control system

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537k0
