End Application:

F-16 aircraft age.; ais test station/2120300-006

Special Features:

Company name sta. Sub. Assembly, right hand

General Description:

C/o panel, station power 1; digital multimeter 1; oscilloscope 1; filter 16 channel 1; lru power supply assembly 1; power supply assembly 1; chassis assembly 1; panel 2; cabinet, electrical equipment 1; patch panel assembly 1; power supply 27; cable assembly 1; circuit card assembly 14; card blanks 18; connector blanks 2

Fsc Application Data:

Test set computer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
