End Application:

F117-pw-100; tf33 engines

Inclosure Feature:

Multiple item w/housing

Test Type For Which Designed:

F117-pw-100, tf33-p7 engines

Functional Description:

Used to control operations and test for the quick configuration change engines

Reference Data And Literature:

Serd no. 230262

Supplementary Features:

Company item name-pacer comet iii, computer test system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
